

Request or Validate Third-Party Transmissions

Overview

Review how to request or validate third-party firms for data transmissions. If entitled, use Integration Xchange to review select third-party firms with integration options.

[Review Third-Party Firms](#)

[Submit the Transmission Request](#)

[Frequently Asked Questions](#)

Review Third-Party Firms

Integration Xchange includes the FinTech Marketplace with select third-party firms and their integration or data transmission options. Use this platform to review validated firms and documentation required for a transmission. For access, request the "Integration Xchange_OutboundTransmissionsRulesManagement" entitlement.

To view your firm's current integrations:

In Fidelity Integration Xchange, select **My Firm's Integrations** > **Outbound Transmission Rules**.

To view select third-party firms:

1. In Wealthscape, select **Menu** > **Resources** > **Fidelity Integration Xchange**.
2. On the top menu, select **FinTech Marketplace** > Explore Fintech Solutions.

NOTE

For unlisted firms, contact transmissioninstalls@fmr.com to identify if the firm is eligible.

To view data transmission options:

1. In Fidelity Integration Xchange, select **Solutions** > **Outbound Transmissions**.
2. To review information about outbound transmissions including forms and reference material, select **Show More**.

Submit the Transmission Request

After you review the vendor and accounts to transmit data for, use the self-service tools to add or delete Outbound Transmission Rules. To request this capability, contact your admin for these entitlements:

- "Integration Xchange_OutboundTransmissionsRulesManagement"
- "Integration Xchange Admin Outbound Transmission Rules Management" entitlements

Self-Service

Add or delete specific Outbound Transmission Rules to meet your vendor and account integration needs.

To add an Outbound Transmission Rule:

1. In Fidelity Integration Xchange, select **My Firm's Integrations** > **Outbound Transmission Rules**.
2. Select **Add Rule**.

Request or Validate Third-Party Transmissions

Outbound Transmission Rules Management

Your firm's Outbound Transmission Rules are used to determine the set of accounts to include in each transmission file sent to your firm or to third-party Fintechs on your firm's behalf.

To start sending additional data to an authorized Fintech you may select "Add Rule" at the bottom of this page. To stop sending data you may select the radio button next to the appropriate rule and select "Delete Rule". Refer to the [Help](#) section for more information.

To make rule changes requiring Fidelity's assistance, initiate a WealthscapeSM Service Request through Service Center and attach the below form.

Data Masking

For the account selection criteria above, designate the Personal Identifying Information (PII) related fields to be masked by setting the associated field masking indicator to "Yes".

Note: Fintechs may require certain data. Consult with the Fintech before requesting that the data be masked. In the event data is compromised, masking PII can help avoid data breaches under applicable law, or harm resulting from data breaches, and is encouraged wherever the data is not required by the Fintech.

Request or Validate Third-Party Transmissions

Service Request

If you require assistance to make rule changes, submit a Service Request. Select the vendor and accounts to transmit data for and complete the Outbound Transmission Request Form to submit via Service Request.

NOTE

For transmission request edits, repeat these steps and attach the Outbound Transmission Request Form with the changes.

To submit a transmission request:

1. In Wealthscape, select **Menu > Service > Initiate Service Request**.
2. Enter your firm's Proprietary account number.
To locate this number, contact your Client Manager.
3. On Service Request Menu, select **Product Support > Platform Integration > Third Party Transmission Request**.
4. Complete the required information for the request:
 - Select **Add, Delete, or Inquiry** (about a third party).
 - Enter appropriate details in Additional Details.
5. Select **Add Attachment** and upload the Outbound Transmission Request Form.

Frequently Asked Questions

Review the most common questions about the transmission process. For further questions, contact your Client Manager.

Question	Response
Who do I contact to submit the form or ask general deployment or support questions?	Send an email to transmissioninstalls@fmr.com .
How do I edit a submitted Third-Party Transmission request?	On the Outbound Transmission Request form, use Section 3 to make edits and submit a Service Request with the form attached.
